6 Museo SansIf Gotham is overused, it is only marginally more overused than the next typeface in our list.. The typeface Gotham is one of the most popular sans-serifs in circulation Designed at the turn of the millennium by Tobias Frere-Jones for the Hoefler & Co.. type foundry, it is based on the basic letterforms that Frere-Jones saw in use on buildings around Manhattan, in signage and architectural lettering.. The quintessentially American feeling in the design has resulted in the typeface’s use in countless branding projects—Barack Obama’s presidential campaign, the National September 11 Memorial & Museum, and Saturday Night Live, as well as many other household names have adopted Gotham.. Described by Hoefler & Co simply as, “What letters look like” it’s the typeface’s modernity, honesty, and assuredness that make it so popular.

It was inspired by local architectural signage just as Gotham was The marginally wider letterforms of Montserrat give it a relaxed feel that Gotham can’t muster.. 5 VisionVision is an entire family of 12 fonts free for both commercial, and non-commercial work.. Museo Sans is wildly popular with web designers because it offers the same aesthetic, for nothing.. 2 NexaNexa Light, and Nexa Bold, are both available to download for free They are a little more expressive than some of the typefaces in this list, notably the lowercase g and the uppercase J and Q.

Webfont and @font-face supported all up-to-date browsers can use comfortably @font-face is very easy to use, click here to download Gotham Bold webfont kit.. Enjoy!1 MontserratDesigner Julieta Ulanovsky named Montserrat after the neighbourhood in Buenos Aires in which she works.. 3 Pier SansMathieu Desjardins’ Pier Sans is a free font with 10 styles Similarly geometric to Gotham, Pier Sans pushes the 1930s feel a little further.. Museo Sans 500 can be downloaded for free for commercial and non-commercial work.. Weights range from thin to black, and each weight has an accompanying italic Intended for use at display sizes, it is close to Gotham in numerous ways, with the obvious exception of the spine on the S. e10c415e6f
